

06/02/2021

To whom it may concern,

CERTIFICATE OF APPROVAL

This letter serves as confirmation that **TOMAQUA** is accordingly to **SANS 241-1 standards** and is **fit for human and animal consumption**.

SA Pure Water PTY (LTD) inspected **TOMAQUA's** water system and they are using the **six step of purification with Ozone and pre-treatment**. The system was serviced in January 2021 and the water quality remains according to SANS 241-1 fit for human and animal consumption.

NVIROTEK LAB with test no **W6-14017** is attached **as result** thereof.

Please contact us for any other information if needed as per details below.
